PROITBRIDGE
Strive For Better Future

Agenda at a glance

1. Why Deep Learning?
2. Inspiration behind the Deep Learning architecture

1. Why Deep Learning?

Machine Learning ***Fails here....***

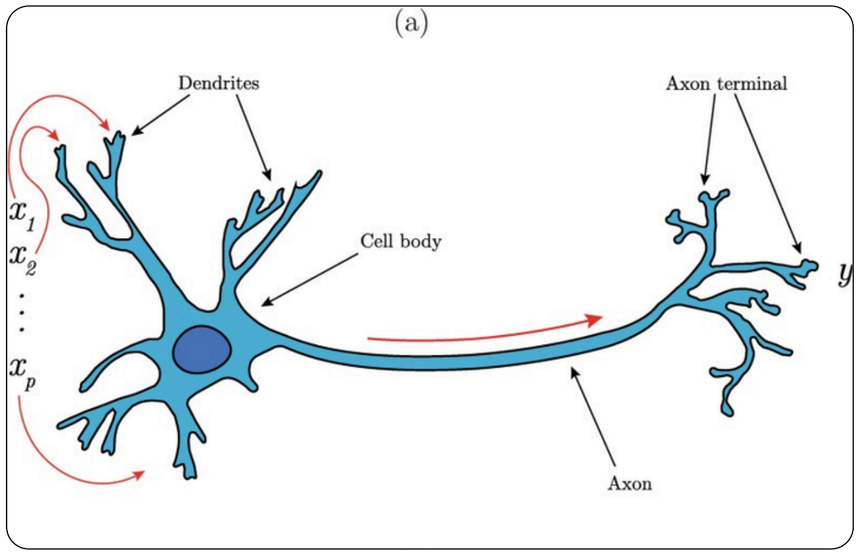

- ML Algos only process ***structured data***
- So Machines Prediction is *Limitted.*
- The beauty of DL → it can also handle **Structured Data.**

PROITBRIDGE
Strive For Better Future

2. Inspiration for Deep Learning Algos?

1 Neuron Architecture

Humans...

86 Billion Neurons

What happens neurons utilized to the Fullest?

Train the neurons carefully...

3 Important Metrics for Human Way of Learning

1. Batches
2. Learning Rate
3. Epochs

Explode....

PROITBRIDGE
Strive For Better Future

The Sweetspot how neurons work inside....

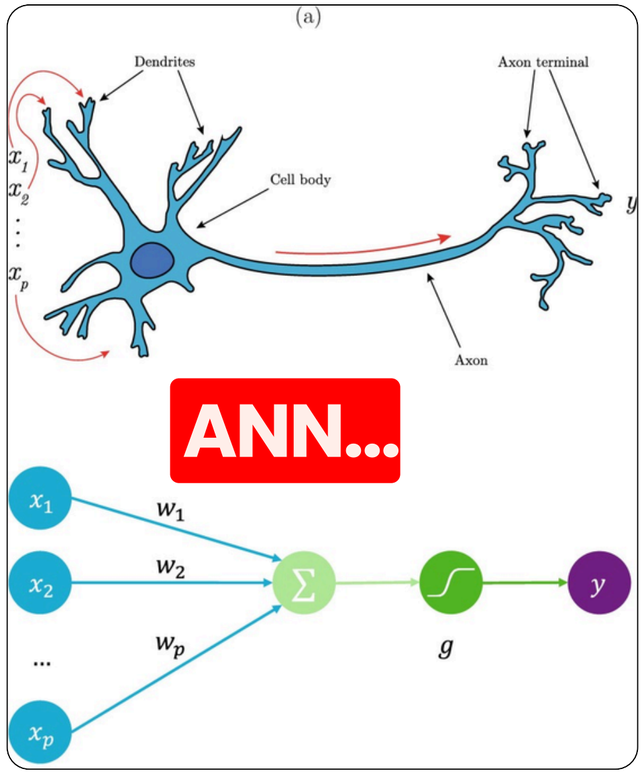

*we **ADAPT** to **any new CIRCUMSTANCES** if are willing to.*

How?

By Optimizing our...

1. Batch
2. Learning Rate
3. Epochs

ANN...

Your Next Question

What is the ***Structure of ANN ?***
What are the **builing blocks** to build the Deep Neural Network?
