---

CHAPTER 1

### From Copilot User to Agent Builder

You already use Copilot — now you'll build one

**TOOLS**

M365 Copilot · Copilot Studio · Maker Portal

**TOPICS**

- Copilot vs Custom Agent
- When to Build One
- Your Maker Environment
- Spotting Agent-able Tasks
- What an Agent Really Is
- Copilot Studio Tour
- Templates Library
- First Hands-On Click

**PROJECTS**

1. **Map Your Own Workflow → Agent Tasks**

→ See where agents fit your job → Get the maker portal set up

CHAPTER 2

### Your First Working Agent

Topics, triggers and a real conversation in one sitting

**TOOLS**

Copilot Studio · Test Pane · Topics

**TOPICS**

- Topics & Triggers
- Messages & Questions
- Trigger Phrases
- Common Mistakes
- Conversation Nodes
- System Topics
- Testing Your Agent
- Iterating Fast

**PROJECTS**

2. **Department FAQ Agent**
3. **Personal Assistant Mini-Agent**

→ Ship your first real agent → Learn the build-test-fix loop

CHAPTER 3

### Grounding Agents in Your Company Data

Make the agent answer from your real documents

**TOOLS**

Copilot Studio · SharePoint · OneDrive · Files

**TOPICS**

- Knowledge Sources
- File & PDF Sources
- Generative Answers
- Tuning the Prompt
- SharePoint Grounding
- Public Website Sources
- Citations & Trust
- Limits & Pitfalls

**PROJECTS**

4. **HR Policy Q&A Agent (SharePoint)**
5. **Ops SOP Lookup Agent**

→ Agents grounded in your docs → Trustworthy, cited answers

CHAPTER 4

### Making Agents Do Things

Connect to Outlook, Teams & line-of-business apps

**TOOLS**

Power Automate · Outlook · Teams · Connectors

**TOPICS**

- Why Add Actions
- Calling Flows from Agent
- Inputs & Outputs
- Posting in Teams
- Power Automate Basics
- Standard Connectors
- Sending Emails
- Simple Approvals

**PROJECTS**

6. **Leave Request Agent (Outlook Approval)**
7. **IT Ticket Logging Agent**

→ Agents that act, not just chat → Touch real business systems

CHAPTER 5

### Conversational Polish

Multi-step conversations that don't break

**TOOLS**

Copilot Studio · Variables · Adaptive Cards

**TOPICS**

- Variables & Scope
- Branching & Conditions
- Memory Across Turns
- Handoff to a Human
- Entities & Slot Filling
- Adaptive Cards Basics
- Graceful Fallbacks
- Tone & Persona

**PROJECTS**

8. **Onboarding Buddy Agent**
9. **Expense Query Agent**

→ Real multi-step conversations → Edge cases handled cleanly

CHAPTER 6

### Publish, Share & Measure

Get your agent into your team's hands the right way

**TOOLS**

Teams · M365 Channel · Analytics · Admin Center

**TOPICS**

- Publishing the Agent
- Sharing with Colleagues
- Usage Analytics
- Safety & Guardrails
- Teams Channel Setup
- Permissions Basics
- Improving from Data
- What Comes Next

**PROJECTS**

10. **Capstone: Deploy Your Agent in Teams**

→ Your team uses it next Monday → Bridge to Level 2 (Agentic AI)

---

## Turn Copilot users into agent builders.

COPILOT USER → AGENT BUILDER → AUTOMATION OWNER → AGENTIC AI
